

BREMNER

POOL AND SPA SINCE 1981
SPECIALIZING IN POOL & SPA SERVICE

WHY BUY A POOL LINER FROM BREMNER POOL & SPA

1) QUALITY PRODUCT

In choosing a vinyl liner manufacturer Bremner Pool & Spa uses three criteria ; quality of product , reliability of delivery and competitive pricing. Our main suppliers are Poolwerx , Kafko Pools Ltd and Latham. Most manufacturers use computerized drawing and design systems to build their liners so where there are differences are in the type of vinyl they use and how this vinyl is cut. Kafko and Poolwerx use a slightly heavier vinyl and allow more material for each liner. Latham liners tend to have a little more stretch built in. What this means to you is that the Latham liner will pull a little harder on the coping. On the other hand Latham liners are less expensive. Poolwerx is a smaller Canadian company and has been able to offer quicker delivery, accurate design and exceptional service. As is always the case it is better for us to inspect your backyard and advise you as to the best company for you based on your needs. We will also advise as to the condition of the rest of the pool and quickest delivery times.

2) PROFESSIONAL INSTALLATION

Don Bremner and Barry Head each have over thirty years experience in the vinyl liner pool business. A properly fitted liner requires 3 components:

- 1) proper measurements supplied by an experienced person;
- (2) a quality liner;
- 3) proper installation.

It is amazing how many good liners are installed incorrectly by inexperienced help: -the walls must be properly taped for a good vacuum; -the bottom must be sound and cleaned up properly; -a proper vacuum must be achieved to draw the liner in wrinkle free: We use 3 HP air machines , not Canadian Tire 1 HP shop vacuums .Our vacuum machines are designed exclusively for pool liners and run quieter and more efficiently.

-replacing all necessary gaskets and faceplates , repairing stripped threads and cutting in a new liner are critical to the process to prevent leakage.

-pressure testing main drain line while you have access.

-properly preparing the hard bottom to prevent further damage to the liner.

3) RELIABILITY

Bremner Pool & Spa prides itself in completing the liner installation with professionalism and speed. We can guarantee a completion date for your job and provide a written guarantee.

WHEN YOU CHOOSE A LINER FROM BREMNER POOL & SPA YOU CHOOSE RELIABILITY, QUALITY AND PROFESSIONALISM.
